

SPORTS DAY 2016

On Friday the 11th March Mannum Community College held the annual Sports Day Carnival on the school oval. Despite the threat of rain and poor weather, the event went ahead seamlessly. Students displayed not only excellent sportsmanship in events but also cheered on their team mates throughout the day. Behaviour was exemplary, with students attending their events on time and also helping staff and volunteers with duties such as measuring and recording. Well done students!

The attendance from parents and caregivers was also excellent and made the overall vibe of the day very positive and supportive which helped students to achieve their best. Thank-you to those parents who came out to support their children, it was much appreciated by staff and students.

Regardless of the final score, house captains and senior students were encouraging and supportive to all students and teams throughout the day and did their best to boost the student's energy through all events. Their participation and attitude was excellent and set a very high standard for younger students competing in events. Without the help of those senior students and leaders it would have been a much more stressful day for staff, so well done and thank-you to those students.

Not only was the attitude and participation excellent, some of the athletics talent displayed was also fabulous and led to several long standing records being broken. Congratulations to Mitchell Heward (800m), Demi Noles (shot put) and Daniel Laubsch (high jump) for being the new record holders in their events for MCC. Let's hope they can be as long standing!

Other age group winners and runners up are listed below. Congratulations to those students who received these awards, they were definitely well deserved!
